Safety, use and access

Educational scope

This product helps adults practise observing behavior, checking context and preparing proportionate responses. It does not diagnose people, reveal intentions, guarantee safety, or replace psychological, legal, financial or emergency support.

> If there is violence, stalking, blackmail, coercion or immediate danger, prioritize safety and current qualified local help rather than confrontation.

Personal-use license

The purchased files are for the buyer's personal use. Do not resell, publish or publicly share them.

Download recovery

Keep the purchase email. If access is lost, use the support channel shown in that email and provide the purchasing email and order reference when available.

File integrity

The package includes MANIFEST.json and SHA256SUMS.txt so the files can be checked for completeness.
